## Work experience

**2020-ongoing** Öckerö Shooting Association (Trainer) Hönö  
At ÖSF, I have improved my knowledge as a teacher and trainer for completely new people, as well as for people who have some knowledge

**2015-ongoing** Logent (Forklift Driver) Gothenburg  
At Logent I have learned more about how a terminal works and I have been trained on robots that we have, as well as all our larger machines.

**2013-2014** Military  
In the military, I learned how to handle weapons and survival in urban and forest environments

**2012-2012** Web designer Gothenburg  
As a webshop designer, I learned a little more about photography and Photoshop cs6, also some more programming

## Interests

Computers are a great interest, both to play and to fix those that are "broken" for one reason or another. Has also built computers, replaced parts etc. Is handy with most things. I also have a great interest in scripts/programming for both websites, servers, games, apps and security (computers/network). In my spare time, I also do sport shooting.
